RAINY WEATHER.-The very delightful

RAINY WEATHER.—The very delightful weather that we had the first two weeks in October was not appreciated by two classes of people as heartily as one might suppose, viz: the river men and the farmers. With the former business was almost entirely suspended, while the latter feared the effects of the continued drouth upon their fall crop of wheat. To both these classes the rain which set in yesterday afternoom was welcome. The weather here for some time past has been like that of the South, but a wise old physician predicts a cold snap between the 27th and 30th. He says it never fails to come about that time.

Speaking of meteorological predictions, the weather prophet who wisely presaged that the early part of October would be marked by a heavy snow storm, has suddenly disappeared, leaving behind him rather unfavorable opinions among people generally respecting the infallibility of his prophetic power, and the prevailing impairs and the sum of the greatest such as a man whose early decease causes more than usual regret. Among his associates his advice was taken as a guide, and the soundness of his judgment could always be relied on. It was met could always be relied on. It was sufficient to probe the who farmed the resolutions adopted first by the Wheeling delegation to the anti-tariff demostration in Pittsburgh last upon the wind first by the Wheeling delegation to the anti-tariff demostration in Pittsburgh last upon him and of death was already laid upon him and that his protecting arm would soon be withdrawn from his loved companion, it we think make an efficient officer."

TRAMPING.—The bad weather which set in yesterday will bring hordes of tramps in from the country, and our citizens should be prepared for the reception of these gentlemen of the road. They propose to hereafter call at the front door and hold their receptions in the parlor. It would be a good idea to adorn the dining room with flowers and have the word "welcome" conspicuously displayed. But seriously speaking they are getting bad and bold. One went to an Island residence the other evening, and not being received by a brass band and a speech, turned around and hurled a rock at the house with all his force. Public Amsers.—The Georgia Minstrels.—Sprague's Georgia Minstrels appeared in the Opera House last night to a full house, notwithstanding the inclement weather. A large and highly amusing bill was presented, and a great part of the business was altogether new, the colored artists giving a life-like freshness to all that was done. The company was received with the utmost cordiality by the large audience present. There are several excellent specialty artists in the troupe. One very fine feature of the entertainment was the excellent music of the cornet band, which won hearty and enthusiastic applause.

"Our Boarding House."—We call attention to the next grand attraction at the Opera House, Leonard Grover's new American comedy, "Our Boarding House," which will be produced this evening. This play will be finely mounted, and will be presented with a good cast selected and rehearsed by the author, Mr. Grover himself. Each and every one is selected for personal fitness for the character represented. The piece had a large run last season in New York, Boston, Philadelphia, Baltimore, Washington, Cincinnati, Chicago, St. Louis and San Francisco, playing over one thousand four hundred times. It was one of the greatest successes of last season. We look for a crowded house.

A. B. C., Mich.—What should be done to reduce an enlargement of tendion of forward leg, the back tendion, caused by grabbing it while trotting. It is sound now, I think. Itwas fixed last spring, and the horse turned out all summer. Annex.—Clip off the hair, and apply Give Imment Iodide Ammonia twice a day, until it irritates, when temporarily discontinue, and commence again. It is the only remedy that will permanently remove a chronic enlargement of this kind. Send to Doctor Giles, 451 Sixth avenue, New York, who will furnish full information.

per yard, at G. G. Roths.

From Christias Union, August 22, 1878.

Ever since Dr. Wm. M. Giles, of 451 Sixth avenue, extended a frank invitation to owners of lame horses to bring their equine property round to his place of business for free treatment, the corner of Twenty-seventh street and Sixth avenue has come to resemble a horse fair. The Doctor's bold defance, which if thus thrust upon the curious attention of his neighbors, is based on his earnest belief in his Jodide Ammonia Liminent, which is now preferred to all others by the chief stock raisers and sporting men of the country. A valuable horse of the writer's was kicked on the hock. Swelling and lameness ensued, rendering the animal nearly worthless. We were advised to try Gilez Liniment, and are gratified to say it acted like a charm. A bout two inches of bone came gway, the sore healed up, and the lameness and swelling are fast disappearing.

Liven is King.—The Liver is the imperial organ of the whole human system, as it controls the life, health and happiness of man. When it is disturbed in its proper action, all kinds of aliments are the natural fresult. The digestion of food, the movements of the heart and blood, the action of the brain and nervous system, are all immediately connected with the workings of the Liver. It has been successfully proved that Green's August Flower is unequaled in curing all persons afflicted with Dyspepsia or Liver Complaint, and all the numerous symptoms that result from an unhealthy condition of the Liver and Stomach.
